BUSINESS & INDUSTRY

Lee's Summit means business!

In this part of the country, it's all about hard work and a moral sense of responsibility. We say what we mean and we do what we say. Nowhere is this more evident than right here in Lee's Summit.

With nearly 6,000 businesses, Lee's Summit is the economic epicenter of Eastern Jackson County. The city is an exciting mix of hometown charm and booming new additions. Lee's Summit has now exceeded 100,000 residents making it one of the fastest-growing cities in the state of Missouri. Lee's Summit has a median household income of \$89,969 higher than any of the surrounding communities.

The nationally-recognized, historic downtown Lee's Summit offers a diverse selection of small businesses including restaurants, retail and specialty shoppes. Exciting new additions will soon propel Downtown Lee's Summit to the next level, while maintaining its roots. The new Elevate 114 apartments, which brings multi-family living space into the downtown will be move-in ready as early as December 2021. Also, plans are in motion for a permanent farmer's market which will add a nostalgic atmosphere for vendors and entertainers alike.

Aside from entertainment, Lee's Summit's highly-engaged business community has contributed to an education ecosystem, which has become a national model for education. In Lee's Summit, industry experts work hand-in-hand with education partners to help students stand out in a competitive workforce. With the launch of the Lee's Summit Economic Development Council (LSEDC) Workforce

Alliance program creates a consistent space to tackle workforce initiatives. Nowhere is this more evident than the Missouri Innovation Campus Program at Summit Technology Academy (STA). This advanced program offers high school juniors and seniors an opportunity to learn hands-on industry knowledge and participate in real-life internships with companies while gaining college credit. In many instances, students receive enough credit to enter college at the junior level, cutting down on accumulated debt and entering their career in less time with more marketable skills.

Not only do Lee's Summit students have the opportunity to attend STA, all Lee's Summit students will now receive some form of hands-on learning, thanks to the newly awarded Real Life Learning grant from the Kauffman Foundation.

The Lee's Summit Economic Development Council and its business network also works closely with the city to ensure that economic advancement opportunities such as attracting new businesses and infrastructure advancements are created in the most fiscally-responsible manner possible. We are there with you through the process from start to finish.

With an increasing number of employers offering work remote opportunities, employees now have an opportunity to live where they feel most at home. For many, Lee's Summit may be the perfect fit! In 2020, Lee's Summit was ranked as one of the top five Most Livable Cities by SmartAsset due in part to its favorable median household income, housing prices, and health care options. There's no shortage of entertainment either. Recently, the first phase of the Streets of West Pryor development was

completed. The 70-acre, mixed-use development will offer new retail and dining options, as well as new residential choices.

In Lee's Summit, community spirit stretches past the neighborhoods and into the business community. With a diverse mix of professional services, speciality shoppes, quaint boutiques, and national brands, Lee's Summit's businesses offer residents hometown comfort without compromising on city innovation or opportunity. Lee's Summit Medical Center

The Heart of Lee's Summit

Come see why Downtown Lee's Summit is named one of America's Great Neighborhoods.

At the heart of Lee's Summit is our award-winning downtown. A mix of history and innovation, downtown Lee's Summit is eleven blocks of small-town charm that showcases the best of our community.

Downtown Lee's Summit is an example of the true power of our citizens to come together to make a difference. Just 30 short years ago, downtown was mostly vacant, but a group of volunteers saw the potential, rolled up their sleeves and got to work on the revitalization of the historic heart of our city. That hard work paid off. Downtown is now home to dozens of locally-owned specialty shops, dining, services and entertainment.

With over 100 days of family friendly events, downtown is where our community comes together. From the farmers market to parades to festivals to live music, there's always something happening in downtown. You can spend the afternoon train watching from Howard Station Park, shopping at our boutiques or sampling craft beers at one of our three microbreweries. Downtown truly offers something for every member of the family to enjoy.

Downtown is home to a growing cultural arts scene, featuring events like live music, street theatre, Fourth Friday Art Walks and more. Public art has become part of the fabric of downtown, with murals and sculptures around every corner adding to the whimsy of the historic architecture and tree-lined sidewalks.

The future is bright for downtown. New residents have begun to move into downtown as work nears completion on Elevate 114, a high-end multi-family development that will bring over 400 new residents to downtown over the next year. Planning is also underway for the Downtown Market Plaza with the vision to transform an entire city block across from City Hall. This exciting project will include a mix of both public and private spaces and will be anchored by a permanent home for the Downtown Lee's

Conceptual design rendering of the future Downtown Market Plaza. This shows an aerial view from Second and Douglas Street looking east.

Summit Farmers Market. The Downtown Market Plaza project's conceptual plans include opportunities for a boutique hotel, conservatory, outdoor performance spaces, housing, offices, restaurants, and retail.

With one visit to downtown Lee's Summit, you'll quickly understand why the American Planning Association named our downtown one of America's Great Neighborhoods. To learn more about Downtown Lee's Summit, visit downtownls.org.

JAMES A. REED MEMORIAL WILDLIFE AREA

The James A. Reed Memorial Wildlife Area is located in Jackson County, south of Highway 50, near Lee's Summit. This wildlife area was established in 1952 when Mrs. Nell Reed donated 731 acres of land to the Missouri Department of Conservation in memory of her husband, Senator James A. Reed. Additional tracts were purchased using federal monies and Department funds to bring the area to its present 3,084 acres.

Development of the area and lake construction began in 1957. Over 252 acres of water have been impounded to form 12 lakes, ranging in size from one to 42 acres. Most lakes contain largemouth bass, channel catfish, crappie, bluegill, green sunfish, redear sunfish, and bullheads. Striped bass hybrids have been stocked in several of the lakes, and rainbow trout are stocked for winter fishing only (Nov-Mar) in Coot and Plover Lakes and in Honker Pond (kids only). The area also has numerous small ponds.

Woodlands, native grass plantings, shrub plantings, and cropfields are managed to provide year-round food for wildlife. Giant Canada geese nest and winter at the Reed Area. The area also supports good numbers of deer.

HISTORY OF LEE'S SUMMIT

Our rich history makes Lee's Summit an exciting place to be.

More than 150 years ago, the small 11-block Town of Strother was founded by William B. Howard. Howard came to this area from Kentucky with the idea of creating a town. He purchased land for a farm and eventually began establishing a town by purchasing land in what is now the downtown district, making sure that every other lot was dedicated to the railroad right-of-way for the Pacific Rail Road.

On October 15, 1865, town lots were offered for sale by Howard. Eventually, the name of the town had to be changed because another town in Missouri was called Strother. In November 1868, the name was changed to the Town of Lee's Summit or Lea's Summit as some historians believe, by popular demand of the local citizens which by this time was around 200. The "Summit" portion of the name came because the town was on the highest point between St. Louis and Kansas City. There are differing ideas as to where the name Lee originated. Some historians believe that the town was named after Robert E. Lee, a noted general in the Civil War. Others believe it was named after Dr. Pleasant Lea, a local physician who came to this area from Cleveland, Tenn. He was a much beloved family physician who was killed during the Border War which began in 1855. This war predated the Civil War by several years.

Lee's Summit has had many interesting people travel across its boundaries. One such person is Cole Younger, who came from a

wealthy family that resided in nearby Harrisonville, Mo. His father Henry Washington Younger was a wealthy merchant and land owner. His mother Bursheba Fristoe Younger was the daughter of Richard Fristoe, a prominent Jackson County judge. The two were married when she was 13 and they later had 14 children. It was the circumstances of the Border War that caused Cole and many others like Jesse and Frank James to end up in a life of crime. The Younger family, like many other families in this area, was well-educated and very religious. When Henry was assassinated, the lives of the Younger family became woven into the fabric of the viciousness of the times.

Cole, Bob and Jim Younger, along with the James brothers and some of their friends formed the James Younger gang and began a life of crime holding up banks, stages and trains. Cole, Jim and Bob were captured in a failed bank robbery in Northfield, Minn., where he spent 25 years in prison. Cole came back to Lee's Summit a reformed man and was eventually baptized into the Christian Church.

Longview Farm, which was built in 1913 by lumber baron R.A. Long, was considered the "Most Beautiful Farm in the World." Its rolling acres housed a horse farm, cattle, hogs, a greenhouse and a dairy operation. The farm had its own water supply, telephone operation and electricity plant. The most important crop at Longview was the horses that were born and bred there. Longview was known for the important horse shows and sales that were held on their grounds. Leaders and celebrities from all over the world came to Longview Farm. The hostess and main resident of Longview was R.A.'s daughter, Loula Long. Loula had loved horses from the time she was three and became an accomplished horsewoman who competed all over the world. Her most noted competition class was the Carriage Class where she showed her beloved Hackney ponies. Loula married Pryor Combs and the two lived at beautiful Longview. Eventually Loula and her sister America donated land for Longview College. The mansion where Loula lived and entertained is still in existence and has become an event facility where weddings and important meetings and dinners take place.

Welcome!

3rd Street Dispensary is a medical marijuana dispensary, located just west of beautiful downtown Lee's Summit.

We're a 100% local, veteran-owned and family-operated business. Dedicated to providing quality products and service to help you discover how you want to feel or in many cases, don't want to feel.

Whether you're 18 or 80, marijuana experienced or not, you will feel welcome, comfortable, and informed at 3SD.

A Patient Card is not necessary to visit.
Consultations are complimentary and often a helpful first step.
We can help walk you through the steps to get your Patient Card, too.
